Lincolnshire steaks

Great steak starts in the field. Ours come from Hereford cattle raised on the rich, flat pastures around Horncastle — perfect grazing country that brings out deep flavour and tender meat.

We work with Wards Butchers of Ruskington, a family business founded in 1946 who are still guided by the same care and craft today. Every cut is traditionally aged for over 21 days, allowing the marbling to develop that signature succulence and taste.

Here at The White Swan, each steak is the result of Lincolnshire heritage, family tradition, and honest flavour.
